PROMOTING FAMILY INVOLVEMENT

- *Zaleo School staff* is working to deal with the new educational challenges derived from social and technological changes. We want to include families as we face new educational challenges , in order to:
 - reduce the “digital divide”,
 - Compensate for inequalities
 - and, of course, increase the overall quality of education we provide.
- These challenges require, also:
 - A methodological renewal in light of the introduction of ICT
 - An efficient and significant incorporation of the ICT in the current School
 - Enriching the teaching-learning process with families as educational agents
 - Understanding ICT use within an Educational Project that includes: students, teachers and FAMILIES

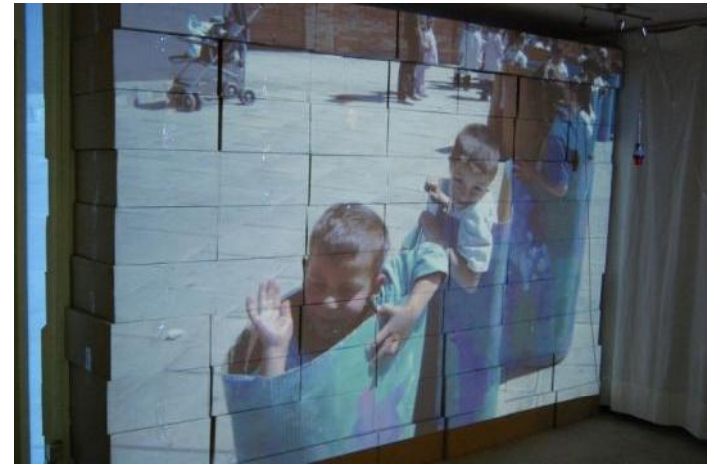

**SOME IDEAS TO GET
FAMILIES INVOLVED...**

PRESENTATION AT THE END OF THE DAY

✓ **depicting school life to families**

✓ **making them more aware about our project**

PROVIDING RESOURCES IN FAMILIES' HANDS...

In fact, last academic year families took photos about identity and during the current term of this project families will take photos about our neighbourhood

ONGOING PROPOSALS

To GIVE FAMILIES the opportunity to participate in a European educational project. This is being achieved by :

- ORGANIZING debate meetings
- PUBLISHING activities carried out in this project on the website
 - PROJECTING results and products in the daily scholar life
 - SHARING, with other families and school staff, experiences and ideas.

OTHER IDEAS...

- WE WILL ORGANIZE OPEN EXHIBITIONS AS WE DID LAST ACADEMIC YEAR, WHERE FAMILIES WILL BE ABLE TO PARTICIPATE AND BETTER UNDERSTAND WHAT WE ARE CARRYING OUT WITH THEIR CHILDREN AS WELL AS OUR PEDAGOGICAL GOALS
